

Kwik Grill

It is now possible to combine the convenience of a gas fired barbecue with an automatic rotisserie, all on top of a standard 570mm Weber Braai.

Introducing the Gas Griller

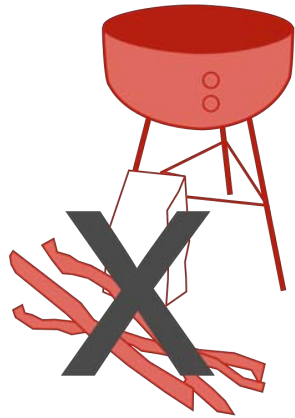

The system can also be used with a separate stand if you do not have a Weber.

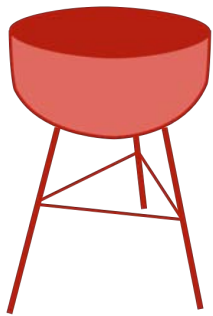

Coal not required

The Kwik Grill efficiently uses gas

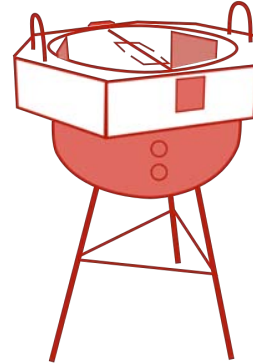

Step 1

Use a standard 570mm braai

Step 2

Attach the Kwik Grill

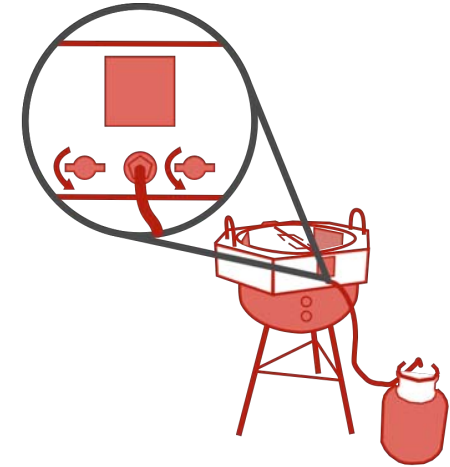

Step 3

Plug in a gas source

Step 4

Open the gas supply valves

Step 5

Quickly light the gas burners
